
Left 4 Dead 2 Iron Sights Mod

[Download](#)

I have Left For Dead 2 and was wondering if there is a mod that allows you to use iron sights for weapons. I personally don't like Valve's system without sights. Do you have a mod for Left For Dead 2 with iron sights? No. It is not possible. A scope is just an appearance. You can get any sight based on the game engine, but iron can't. Or maybe you can come up with a mod for Left For Dead 2 without an iron sight I know there's a mod where you can pick any sight that will work... But that's just a mod.
